My code

// in java

```java
import java.util.*;
import java.lang.*;
import java.io.*;

public class Main
{
  static void fun()
  {
    System.out.print( "I am another function");
  }
      public static void main (String[] args) throws
java.lang.Exception
      {
              //your code here
      fun();
        }
}
```
